I've been driving for many years in another state, but I went through the marathon "All 190 Questions" on this app one time before taking my MN license test. Doing so helped me zero-in on what to pay attention to when I then read through the official "Minnesota Driver's Manual." I passed! Thank you! Drawbacks were: (1) If I'm remembering correctly, the questions in this app \*were not\* identical to the ones at the DMV. It's good I read the official manual too. (2) The manual the app links to is slightly out-of-date—you need to google for the most recent one. (3) I didn't mind the pop-up advertisements (it's a free app!), but they did cause the app to crash every couple times one showed up. Fortunately, the app \*did\* save my place in the 190-question test.
